

Town of Buchanan – Village of Combined Locks – Town of Harrison Creation of Stormwater Utility

Provide introduction description

**1. Purpose of the cooperative initiative:**

-Stormwater management

**2. Types of jurisdictions involved:**

-Village

-Town

**3. Did the initiative extend across county boundaries?**

-Yes

**4. Did the initiative extend across state boundaries?**

-No

**5. Specific jurisdictions involved:**

-Town of Buchanan (Outagamie County)

-Village of Combined Locks (Outagamie County)

-Town of Harrison (Calumet County)

**6. Type of agreement established:**

-Creation of stormwater utility

**7. Date implemented and time took to develop:**

-See

**8. Factors that brought parties together:**

- Slower workload/construction seen in both municipalities. Consolidation of services allows one building inspector to work half days each day in each municipality, keeping him employed full-time.

**9. How parties involved hoped to benefit:**

-Reduce costs

**10. Describe results. Were parties satisfied?**

-Satisfied to date; Transition has been fairly seamless; Reduced costs for each community; kept single building inspector employed full time
